Equipping Students with Hands-On-Knowledge and Skills Nurturing Students to Thrive in the Digital Era

Digital Hollywood University (DHU) was established in 2005 in Tokyo. Students enrolled in DHU benefits from hands-on-knowledge and skills relevant to the industry which enables them to improve their career opportunities. A multicultural learning environment and integrated curriculum allows our students to expand their personal network, be exposed to international perspectives and greatly enhances employment and career prospects.

Our Campus

Conveniently located in the center of Tokyo within walking distance from Akihabara, home of Japan's pop culture. DHU campus provides a creative and conducive learning environment for students.

Production Studio

Surrounded by nature, DHU production studio is well-equipped with excellent facilities that allow students to develop their skills. Our focus on hands-on learning is bolstered by the state-of-the-art facilities including computer rooms, green room, sports hall, space for students to work on their projects and so on.

Faculty of Digital Communication

DHU promotes students' personal growth as people by exposing them to new ideas and concepts through our unique curriculum. Personal richness serves as the driving force to generate future career paths.

MEDIA ARTS

Liberal Arts Education

Liberal arts education is indispensable in providing a source of knowledge essential to create stories for movies, animations, games and other study areas. Gaining knowledge in a range of topics not only helps students to be well rounded in their skills but also in their thinking.

Global Education

Japanese classes are provided for all international students to develop the necessary Japanese language skill to study and to work in Japan after graduation. International students will also be exposed to Japanese geography, economics, history, and culture to deepen their understanding of Japan.

Message from the President

EQUIP YOURSELF WITH THE SKILLS TO LIVE LIFE AND SURVIVE THE FUTURE IN YOUR OWN WAY.

Digital technology reaches every corner of our lives, and people can connect with others around the world at any time. In the ever-changing 21st century, there is a need for people equipped with international awareness and the skills to use digital communication effectively and efficiently. DHU has been offering an advanced education where students can develop the skills to thrive in the future since its establishment, anticipating that society will see the greatest transformation in the twenty-first century.

杉山知之

Tomoyuki Sugiyama

Digital Hollywood University President

Faculty Members

There are approximately 165 faculty members teaching at DHU. The majority of DHU faculty members are current practitioners in their fields, in which they use real-world application of skills to enhance students learning experience. Students will learn hands-on skills and knowledge from professionals from various backgrounds including film directors, animators, designers, directors of a company, et cetera.

Suwa Michihiko

Anime Producer

It has been more than 30 years since he started producing TV animation series. City Hunter and Detective Conan are regarded as his masterpiece.

Kazunari Yonemitsu

Game Creator & Writer

His work includes Puyo Puyo, Treasure Hunter G, BAROQUE, King of Wands, and many more. He has also written books such as How to Make a Project 100 Times More Fun, How to Find Ideas that Only you Can Think Of, and Tarot As a Thinking Tool.
